COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, SEPTEMBER, 4 1907.

NUMBER 43

MR. G. WHIT FLOWERS,

One of Adair County's Best Citizens, Succumbs to the Inevitable.

HIS DEATH A SHOCK TO THE COUNTY.

The citizens of Columbia were painfully shocked last Friday, about the noon hour, when a telephone message announced the death of Mr. G. Whit Flowers, one of the best and most useful citizens of Adair County. The end came at his country home, near Bliss, about five miles from this place. It had been known for a week that Mr. Flowers was dangerously ill, but his wife, children and physicians had hopes of his recovery up to last Friday forenoon, at which time alarming symptoms set up, and in a few hours he calmly met his God.

The deceased was about seventy years of age and he had a large acquaintance throughout Adair County. In fact it has often occurred to us that every body knew Whit Flowers. He was jovial, honest in the strictest sense of the word, at all times for the right, a God loving and God fearing man; a neighbor who will be greatly missed for the good he had done—for his loving devotion to the companion of his bosom, and for the affectionate devotion to five dutiful sons—W. H., John W., Ernest, Woodruff and Ray.

When the Civil War broke out, the deceased espoused the cause of the Union and enlisted in the 13th Kentucky Infantry, and was made Adjutant of the regiment, with the rank of Lieutenant. He served gallantly from the beginning until the ending of that bloody strife.

Many years ago he made a profession of his faith in Christ, united with the Presbyterian church, and was a devoted member of the congregation at this place when he died. In the passing of Mr. Flowers, Adair county has sustained a great loss.

Mr. Flowers was a Master Mason, a member of Gradyville Lodge, but he stated to Gov. Hindman some time before his death, that he did not want any parade made over his body when his life's work ended, and that he wanted him—a life-long friend, to officiate at his funeral.

The funeral services were held at Union Church Saturday afternoon, a large circle of relatives and friends being present. The religious services were conducted by Rev. W. H. C. Sandigree, assisted by Rev. J. F. Claycomb and Eld. Z. T. Williams. When the ministers concluded, Gov. J. R. Hindman, Mr. C. H. Yates, Dr. J. H. Grady and Capt. W. W. Bradshaw made talks, dwelling upon the noble life and high Christian character of the deceased. At the conclusion all that was mortal of this good man was laid to rest in Union cemetery, his body resting under a bed of flowers. Peace to his memory, the tenderest sympathy for the sorrowing family.

A CARD OF THANKS.

We do heartily extend our thanks to all who were so kind and attentive to us during the sickness and death of our darling baby, Olie Russell, who was called to a better land, August 27th. And also to Dr. Miller for his close and skillful attention.

AQUILLA AND ANNIE DARNELL

DEATH OF MRS. BALLOU.

Mrs. Sytha Alice Ballou, wife of Dr. P. V. Ballou, of Rowena, Ky., departed this life August 7th, 1907. She was the daughter of Mr. and Mrs. J. M. Lester, of Kendall, Ky. She was born March 13, 1878. Married September 1, 1904.

To this union two children were born, Mary Frances and Sytha Ellen. Mrs. Ballou accepted Christ in a meeting at Beech Grove, and was baptized by the writer in 1897, and she lived a devoted Christian life to her death. She was faithful and obedient as a daughter, and kind to her brothers and sisters, of whom she leaves six brothers and two sisters. She was a devoted wife, and tender and affectionate mother. She was a benediction to the home and community where she lived, and was

faithful to the church, and has gone to her reward.

We extend sympathy to the broken-hearted husband, and pray that he may bring the little ones up in the nurture and admonition of the Lord, whom their mother loved and trusted, and that he may prepare to meet her in the "Sweet by and by."

Mr. Coy Dodgeon, the new manager at the Columbus Hotel, met his first meal last Monday at dinner. It was a first-class meal, well prepared and enjoyed by many who sat at his tables. Mr. Dodgeon is full of energy, and having been about a great deal, knows exactly what it takes to please the traveling public, and he does not keep before his guests well laden tables it will be because a market can not afford the provisions.

A committee from the Methodist Church is now soliciting homes for the ministers who will be here at the annual meeting of the Louisville Conference which convenes September the 25th. Every body who can should cheerfully entertain even if it requires a little sacrifice to do so. In our judgment the Louisville Conference which met here four years ago had much to do with the building up of Columbia, and the coming meeting will add strides to her present pace.

Mr. John J. Smith, of Bloomfield, Iowa, writes us that he was born in Adair County, in 1844, but when a small boy he became a resident of Green County, Ky., to Davis county, Iowa, where he has ever since resided. Some one sent him a copy of the News which was the occasion of him writing to us. He states that he has a great many relatives in this county.

Mr. Guy Vaughan and Miss Nina Breeding, who were married at Breeding last Friday, left immediately for the groom's home, Greenville, Ill. The bride is a daughter of Mr. R. G. Breeding, one of Adair's best citizens. The ceremony was performed in the Methodist church, an uncle of the bride, Rev. Geo. Breeding officiating. The wedding march was played by Miss Lina Rosenfield, this city.

Dr. J. H. Grady and wife have returned from Monticello and have again become residents of this place. For the present they will board at the home of Miss Sallie Field, on Burksville street. It is needless to say that they were given a cordial welcome by all their old friends. Dr. Grady is a well-known physician and is ready to practice his profession in his old home town and county.

The Lindsay Wilson-Training School opened yesterday and from now until Christmas pupils will arrive. Prof. Neilson informed us that there will be more pupils from a distance than usual. The two institutions of learning at this place desire parents to enter sons and daughters at once, in order that they may be classified and receive the full benefit of the terms.

Last Wednesday, during a thunder storm, lightning struck two favorite trees in Gov. Hindman's yard, and it is thought that the large oak that stands in the corner of the yard cannot survive the shock. Both Gov. Hindman and Mrs. Hindman were considerably shaken, and the colored hired woman was knocked down.

A souvenir postal card on which is written a message, requires a two cent stamp, provided it is enclosed in an envelope, whether sealed or unsealed. If the card does not contain writing it is third class matter and goes for one cent. Persons who are dropping these cards in the Columbia post-office will please govern themselves accordingly.

Mr. Jo Smith and Mr. George H. Nell, who have conducted the Columbia Hotel for the past fourteen months, will return to their respective homes. The former will engage in farming, the latter will buy and sell stock. They return their sincere thanks to the public generally for patronage while they were in the hotel business.

The Liberty Fair closed last Friday. It was well attended throughout and it is said the Association made some money. The Columbia Band furnished the music and was highly complimented.

DEATH OF AN OLD LADY.

Mrs. Sarah Jane Turpen Peacefully Passed Over the Dark River of Death.

FUNERAL SERVICES BY REV. J. C. COOK.

Last Tuesday afternoon at 5 o'clock, the subject of this notice, after an illness of several years, closed her eyes in death. She was 85 years old, and had lived an exemplary life from accountability down to good old age. In early girlhood she confessed her Savior, united with the Separate Baptist Church, in Russell county, and was a devoted Christian until the end came. She was a sister of Rev. Wm. H. Absher, who was a noted Baptist minister of this county, and who was highly respected for his Christian character.

In 1843, sixty-four years ago, she was married to Mr. Solomon Turpen and as a result of the union eight children were born, five of whom are living. More than twenty years ago she became a resident of Columbia, her Christian life being again spoken of by her neighbors.

To the husband, who is now in his 84th year we desire to extend our sympathy, as he will lead a lonely life until he is called to his reward. The children are strong men and women, and while they were devoted to their mother, they can bear the separation more calmly than the faithful husband who is rapidly descending the hill of Time.

The funeral services were conducted by Rev. J. C. Cook and the interment was in the city cemetery.

The largest crowd that has been in Columbia at a county court this year was here last Monday.

A blank book owned by a Mr. Flynn, a lumber man, was found on the Campbellsville pike and left at this office.

Sam Breeding sold Hardwood Lumber Company's agents one thousand dollars worth of feed—corn at \$2.50; hay 80 cents, baled.

LOST:—A black silk parasol with natural wood handle; was misplaced at Frank Sinclair's store Friday of the institute. The finder will please bring it to the News office and receive a reward.

The attention of our readers is called to the statement of the First National Bank published in to-day's News. It is a fine showing for an institution that is doing a safe and very satisfactory business.

"Uncle Solomon Turpen requests us to state that he feels very grateful to all those who rendered him assistance during the illness of his aged companion, whose demise is published elsewhere in this paper.

Eld. Tobias Huffaker, an efficient teacher of this county and a very excellent gentleman, has accepted a position in an institution of learning at Woodland Mills, Tenn; at a salary of seventy-five dollars per month. The school will open next Monday.

LOST:—near White Oak church an express package, addressed to Wm. G. D. Flanagan M. D., Jamestown, Ky. The person finding same will please notify me, and receive a liberal reward.

Robt. Hudson, who took an over dose of morphine last Wednesday afternoon, has not entirely recovered from the effects of the drug, but will be all right in a few days. It required the skill of nearly all the doctors about town to save his life.

The M. and F. High School, under the management of Prof. J. P. Darnall, opened last Monday. On account of the district schools the colleges opened light, but they rapidly grow and by the first of the year there is generally a full attendance.

The Juvenile Pea Ridge Fair, which was pulled off last Saturday afternoon, was quite a success financially, it being well attended. The promoters are highly elated, and are thinking of securing the Fair Grounds for their next exhibition.

DEATH OF MRS. NANCY E. WATKINS.

Mrs. Nancy E. Watkins peacefully passed away on the morning of August 14, 1907, at the home of her son-in-law, Mr. W. H. Caffee, of near Cane Valley. The death angel took from us our dear old grandmother, Mrs. Nancy E. Watkins, born June 15, 1825, and was married to W. F. Watkins 1841, to this union were born ten children, three of whom are yet living, the others and husband have preceded her to the grave.

She had been a member of the Baptist church for a number of years and died strong in the faith and love of him who came into the world to save that which was lost. We know of no one who bore affliction and sickness more patiently, so unobtrusively than she, and the end came to her most peacefully. May we all strive to meet grandmother where there will be no more good byes. It was hard to give one up so dear as she, but it's Gods will be done, not ours.

Rev. John Rice read the 14 chapter of Revelations and made a short talk at her home, her remains were then carried to Jerico, in Russell county, and there Rev. T. B. Grider conducted the funeral services and the interment immediately afterward in the old Jerico grave yard to await the coming of Christ. She leaves a host of friends and relatives to mourn her loss.

A precious one from us is gone. A voice we loved is stilled. A place is vacant in our home That never can be filled.

Her loving grand-daughter,
COCICIA CAFFEE.

NOTICE TO TAX PAYERS.

I have made and filed appointments in each magisterial district of Adair county as required by law, for the purpose of receiving taxes for the year 1907, and from this time I am supposed to have it paid to me at my office in Columbia, Ky., and I do not intend to keep up this thing of visiting and begging people to pay me. These taxes are due the county and State, and all that I get out of it is a small commission for collecting, out of which I have to live and pay the expenses of the office, and I do not purpose to spend it traveling over this county. If you owe it come and pay up, and save the cost of a forcible collection. This is intended for every tax payer in Adair county who has not already settled.

Adair Circuit Court.

William H. Pollard & Co., Pliffs. vs. Victoria Butler, & Co., Defts. Order.

The above styled action is referred to H. T. Baker, Master Commissioner, and the creditors of Ben J. C. Pollard and Martha Pollard are directed to present to said Commissioner and prove their claims against said estates on or before Sept 16, 1907.

J. F. NEAT, Clerk.

Misses Fannie Jones and Myrtle Myers entertained a number of their young friends last Monday evening at the home of the former. There would have been an unusually large assembly had it not been for the rain which came down continuously. Those present spent the hours most delightfully, and are profuse in their compliments of the manner in which Misses Jones and Myers entertained. Refreshments were served.

Since writing the above we have been informed that Misses Kate and Alice Walker were with Misses Jones and Myers in giving the entertainment.

Several weeks ago Mrs. Belle Patterson, Jamestown, received a scratch on one of her fingers, blood poisoning setting up. She was advised to have the finger amputated, and the operation was performed at Somerset several days ago. The operation was nicely done, and Mrs. Patterson hopes to have the use of her hand in a short time.

Taken up as a stray, by M. O. Stevenson, living northeast of Columbia about 2 miles, 1 white male hog. No mark except 2 black spots on each side; about 18 months old. Given under my hand this 31st of August, 1907.

INSTITUTE RESOLUTIONS.

Whereas, the Adair county teachers' Institute is about to adjourn, be it resolved by this Institute:

1st, That we extend to Mrs. Shelton County Supt., our sincere thanks for her faithful and zealous efforts to make this one of the most profitable and successful institutes our county has ever held, and express to her our appreciation of her good judgment in securing the services of Prof. T. C. Cherry as our instructor.

2nd, That we express to Prof. T. C. Cherry, of Bowling Green, Ky., the institute's appreciation of his ability as an instructor, recognizing in him an educator having few peers, and no superior in Ky., and that we extend to him our thanks for his able discussions and successful efforts in our behalf.

3rd, That we as teachers of Adair county will stand by our worthy Superintendent in any and all efforts she may make to maintain the moral standard of our profession fully up to the requirements of our School law.

4th, That we do hereby ask our Superintendent to enforce the provisions of the school law in regard to those district chairmen, who fail to make correct reports of the number of children in their respective districts, where this is due to criminal negligence.

5th, That we ask our worthy Superintendent to have a petition prepared asking our County Judge to hold an election on the question of county taxation for supplementing the school fund of the county, so as to lengthen terms and increase salaries, and that copies be made and circulated for signatures.

6th, That we tender our thanks to Prof. Wellborn, of Campbells-ville, Rev. W. K. Azbill, Ex-Lieut. Gov. Hindman, Judge Baker, Prof. Nielson, Prof. Moss and Atty. Smythe, for their excellent papers and addresses, and to all visitors for their presence and co-operation.

7th, That we extend to Profs. Neilson and Moss our appreciation of their kindness in tendering to the Institute the use of this building and campus as a place of meeting.

8th, Resolved, that the School Laws of Ky., should be so altered as to abolish the trustee system, and make the county the educational unit, that the small districts should be consolidated, and third class certificates dispensed with, and that a more efficient compulsory educational law should be enacted.

9th, That we approve of the established or the state normal schools, and that we recognize their great worth.

10th, Resolved, that the next general assembly of Ky., should authorize the Governor to appoint a commission, composed of Kentucky's ablest educators, to investigate the school systems of other states and to work out and to formulate a school system, which in their opinion is best

suitable to conditions in Kentucky. And be it further resolved, that said commission be required to report to the governor within six months, with recommendations that suitable legislation be enacted by the next General Assembly to put our Public School System on an educational basis equal to that of any state in the union.

NORTHWEST TEXAS.

100,000 acres of rich, Texas land, convenient to railroads, produces finest alfalfa, cotton, corn, also a good stock country. The climate is ideal, and the altitude about 2,500 feet. All kinds of fruits do well. Price from \$10 and up per acre; cash and balance to suit purchaser. Any one desiring to investigate this proposition write W. L. WILLIAMS, Moberle, Tex. or call at the News office. 21-1f

Frequently you pick up a local paper and after glancing at it, wearily thrust it aside, remarking: "Nothing in the old paper!" Did you ever stop to think what that means? It means that no misfortune has befallen anyone in our city, that no fire has wiped out a neighbor's worldly goods, that the grim angel of death has not crossed the threshold of a friend, that no man driven by hatred or fear, has taken the life of a fellow being, that no poor devil, haunted by the past or the misdeeds of some other, has crossed the divide by his own hand, and many other things that ought not to have happened have not happened. So next time you pick up any paper and its headlines do not announce a tragedy give a little thanks instead of grumbling because there is no news.

A WARNING.

Several cases of fever in town admonish us that the streets, alleys, privies, cellars, weed patches and back yards, and every place that can cause disease, should be immediately looked after. All mud holes and stagnant ponds should be at once filled, and lime and other disinfectants should be freely used. A warning to our citizens is all that ought to be required.

U. L. TAYLOR, Health Officer.

MRS. GREEN ON SOCIETY.

"I was once a belle myself," said Mrs. Hetty Green, mother of E. H. R. Green, the Texas railroad owner. Mrs. Green, who is reputed to be the richest woman in the world, and who manages her own property, declares that society hasn't enough to do to keep out of mischief. She said that the girls of this day and age are altogether too extravagant, and that it's a useless extravagance, based on personal whims and frivolous tendencies.

Occasional headache, belching, bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion which, when allowed to go un- cared for, will develop into a case of dyspepsia that will take a long time to get rid of. Don't neglect your stomach. At the first indication of trouble take something that will help it along in its work of digesting the food you eat. Kodol For Indigestion and Dyspepsia will do this. Kodol will make your food do you good and will enable you to enjoy what you eat. Sold by Page & Dohoney.

SOME GOOD NOTES.

The man who raises scrub stock usually raises scrub grain.

Don't burn the straw. Use it for bedding for the stock and return it to soil to renew fertility.

Thorough preparation is half the cultivation. Our farmers will realize this growth of crops next season.

There is no play connected with earning a living, neither is there any play work connected with any department of farm work.

Those spongy places in the road may be successfully drained with tile. Drainage is the first essential in the improvement of a road.

A farmer should watch the market. A good seller is usually a successful farmer. With this watching seek to prepare for the market a prime article which will bring a high price in its merit.

The small potatoes and other refuse vegetable can be cooked up into good feed.—Ex.

The Adair County Medical Society will meet in Columbia on Thursday, September the 12th, 1907, at 10 o'clock, when the following program will be rendered: Malignant Tumors, C. M. Russell. Nell. "Where are we at?" S. A. Taylor. Are the old time remedies better than the new, W. R. Grissom. Let every one be prepared on these subjects, and we can have a profitable meeting. Let all come.

MARY'S LAMB.

Mary had a little lamb
You've heard this fact before,
But have you heard she passed her plate
And had a little more.—Minneapolis Tribune.

Mary loved a little lamb
This everybody knew,
Then is it strange that Mary liked
To tell a tale on Mary
A little mutton too.

That he's a little muttonhead,
Now pretty sure I am,
To tell a tale on Mary
About a little lamb.

'Twas but a little bit of sheep,
Perhaps a little ham,
And mutton always been so nice,
Since Mary had a lamb.

J. T. JONES,
Montpelier, Ky.

Young lady reader, do not smile on the suitor that toasts your fair name. The love which he speaks to you is washed from his lips by the wine. Do not let him pledge his allegiance over the glass of fiery spirits it is blasphemy; it will be perjury. The wine is dearer to his heart than your sweet face and womanly goodness; he already has a master; he cannot have two. Dream not of conversion after you are his; that pathless route is misery and failure. The man who will not sacrifice his love of drink for the prize of your hand, will not, when it is his in God's name, emancipate himself.

Lost and Found.

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at T. E. Paull's drug store a box of Dr. King's New Life Pills. Guaranteed for biliousness, malaria and jaundice. 25c.

HOPEFUL OUTLOOK.

In no recent publication is better advice given to Democrats throughout Kentucky as to the course that we should pursue this year than in an editorial utterance of the Lexington Gazette, a Democratic newspaper of strong convictions. Under the heading "Importance of Democratic Victory," that newspaper has the following which should be read by every voter of the party:—

Democrats all over the country are hopeful of victory in the presidential election of next year. The people are turning to Democratic principles as the only solution of the problems that confront the country, as the only remedies for the abuses and evils of our political and economic affairs.

In this hour of the Democratic hope will Kentucky falter? Will the State stand by the Democratic colors?

There can be no mistaking the meaning of a decisive Republican victory in Kentucky this year. If the Republicans elect their state ticket, a state Legislature, United States senator to succeed Senator McCreary, and a municipal ticket in Louisville they will elect the electoral ticket next year. Such a result would give the Republicans an opportunity for permanently intrenching themselves in power that they have never enjoyed.

With Kentucky becoming a Republican state there would be but little chance of a Democratic victory in the presidential contest of next year. Democrats cannot afford to lose any ground they occupy if the party is to win next year, it would not only maintain its strength but make gains this year. There is nothing in the situation in Kentucky to justify the sacrifice of the party in the nation.

Every State's first duty is to itself and if Kentucky were in any great peril, if Democratic victory this year involved any serious menace to the State's welfare, no patriotic man would vote his party ticket at the expense of his own state for the sake of a Democratic national victory next year; but no such condition exists. The welfare of Kentucky is to be best served by the election of the Democratic ticket.

No loyal Democrat will permit factional difficulties to drive him to the support of the Republican party. A loyal Democrat, a man who desires the ultimate triumph of Democratic principles, may vote for his party this year even if he does not

approve all of its candidates and though it may not be entirely satisfied with all it has done in State affairs.

With the result in Kentucky sure to be an important factor in next year's contest, Democrats should bury all differences and put the welfare of the party and the country above mere personal interest. If we are to elect a president next year, we will need Kentucky's vote, and to insure this vote, we must have a Democratic victory this year. A Democratic president will need the votes of Democratic senators from Kentucky and at this crisis in public affairs, we cannot afford to do anything that would expose the party and the state to the danger of a Republican senator at Washington.

WHY HE WAS NOT PROMOTED.

He watched the clock.
He was always grumbling.
He was always behindhand.
He has no iron in his blood.
He was willing, but unfitted.
He didn't believe in himself.
He asked too many questions.
He was stung by a bad book.
His stock excuse was "I forgot."

He wasn't ready for the next step.

He did not put his heart in his work.

He learned nothing from his mistakes.

He learned nothing from his mistakes.

He felt that he was above his position.

He chose his friends among his inferiors.

He was content to be a second rate man.

He ruined his ability by half doing things.

He never dared to act on his own judgment.

He did not think it worth while to learn how.

He tried to make bluff take the place of hard work.

Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me, and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, "quinsy," hoarseness, and phthisis, stops hemorrhages of the lungs, and builds them up. Guaranteed at T. E. Paull's drug store. 50c and \$1 trial bottle free.

RESOLUTIONS OF RESPECT.

Glensfork Lodge, No. 528, F. & A. M., passed the following resolutions:

Whereas, it has pleased the grand architect of the universe to

call from labor to refreshment our beloved brother, Joseph Dudley, on Aug., 26, 1907, in the sixty-ninth year of his age,

Therefore, be it resolved, that in the death of Bro. Dudley the lodge, church and community have lost a faithful member and citizen, the family a devoted loving husband and father, which has left all with sad hearts and with an aching void that this world can never fill, nor will it ever be filled until we meet with him in the Grand lodge above where partings will be no more.

Be it further resolved as a token of esteem that the usual badge of mourning be worn for thirty days.

Resolved, that we extend to the bereaved family our heartfelt sympathy in their irreparable loss. That a copy of these resolutions be retained in the records of this lodge and a copy sent to each of the county papers for publication. H. K. TAYLOR, T. A. STRANGE, Committee.

How to Cure Your Piles

If sufferers from piles and rectal diseases would first try a reliable laxative like Dr. Caldwell's Syrup Pepsin instead of using external salves and suppositories, or having an operation performed, they would save themselves a world of trouble, expense and pain. The reason is that in nine cases out of ten piles are the result of habitual constipation, and when once the constipation is thoroughly cured the piles disappear.

Piles are to bad blood, simply an outward symptom. And just as face lacerations aren't half as good for pimples as a good blood medicine, so salves and suppositories aren't half as good for piles as a reliable laxative like Dr. Caldwell's Syrup Pepsin. A 30 cent or \$1 bottle will prove these claims, and every druggist is authorized to guarantee results. Hundreds of people have written us that Dr. Caldwell's Syrup Pepsin is the best pile cure they know of, and is strictly worth a trial from you. Not only will it cure the piles but it will permanently correct bowel trouble so that you will have regular movements. It will tone the stomach and make digestion easy for you. Dr. Caldwell's Syrup Pepsin is the best remedy for constipation, dyspepsia, biliousness, flatulency, and all resultant troubles, such as piles, arising from disordered stomach, or bowels. Its gentle action and pleasant taste make it especially suited to children and all who are too weak to stand purgative waters, salts and griping powders and tablets. A public is not what pile sufferers need, but safe, easy bowel movements, and these can be obtained by the use of this wonderful remedy. It is just what about a permanent home cure at a minimum of expense.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is strictly limited to one bottle per person, and is only open to those who have never taken it. Send for it if you have symptoms of stomach, liver or bowel disease. Gettest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." The product bears purity guarantee No. 17, Washington, D. C.

The Columbia Spectator, in last week's issue, let the editorial sledge hammer down on the invitation made by Commonwealth Attorney, Robert B. Franklin, to W. S. Taylor to return to Kentucky and testify in the powers trial. The fact is, that the Spectator attempted to make a little political capital out of the incident, and made a very plausible argument on the assumption that Mr. Powers and Mr. Taylor are both innocent of the charge against them, and the further assumption that the courts of Kentucky, the Democratic Administration and the party are so intensely partisan and revengeful, that they merely want to make some Republican suffer for the murder of Goebel whether guilty or innocent, but such a condition can not be assumed, and consequently the Spectator's editorial is but a mere play of words embellished with a little sentiment tending to resurrect the old feeling that lined Republicans up in the recent battles of the past. The Democratic press, the party nor the courts of this state have never wanted the innocent to suffer: they have sought to bring to light that murderous plot and punish the guilty only, but the Republican party and press have attacked every move that has been made from the time that fatal shot was fired down to this hour. They opposed the indictments of every one that was indicted, opposed the arrests, opposed the trials; bitter against the evidence, the courts and the administration, they have accepted the statement of the parties charged with the crime, and kept up a continuous protest against every effort that would lead to the revelation of the assassin's identity. Now, the latest, to play on the passions and prejudices is the defense of W. S. Taylor in his refusal to return to Kentucky and testify in the trial of Powers after impunity from arrest had been tendered by the prosecuting attorney and the Governor of this State.

Not only has he been given this promise, but on the ground that he will agree to return, waive his constitutional rights on the witness stand, and answer the questions propounded, he will be given a guard to protect him coming and going and going, and while here. If Mr. Taylor knows Powers to be innocent, he is not true to a friend if he fails to respond to this invitation. There is no danger that he will be seized and tried in "partisan courts," and no one knows it better than himself. After such a promise, the people of this State, irrespective of political affiliation, would not stand for such a breach. Under the promise, under present conditions, Mr. Taylor owes his return to the State to Mr. Powers, and to himself, and if he dodges the issue, he but adds weight to the facts that caused his flight. Mr. Taylor could tell many things. He could at least explain why he pardoned Mr. Powers before he was arrested. The News does not want the innocent to suffer; it does not believe in political persecution nor partisan courts, but it does believe in the enforcement of the law, the severe prosecution of any man, or set of men who deliberately strikes down his fellow man. Political, social or financial standing should cut no figure. Three Republican Presidents have fallen by the hands of assassins, and no Democratic paper, nor the party entered a plea of persecution, but demanded the prompt arrest, trial, conviction and hanging that followed. Mrs. Surratt, at whose home Booth lodged after striking down Lincoln, was convicted and executed as an accomplice to the murder, and no one set up opposition to the course of legal procedure, but now with all the dark shading and strong evidence that surrounds Powers, Taylor, Finly and others, the plea is entered that their prosecution is persecution. No court, no jury, no party will meet with the approval of their partisan defense unless it be one that will ignore the facts, disregard the evidence, and give them freedom. This matter should not enter into politics nor affect the present campaign, but Republican papers have so elected, and we are not fearful of the issue.

CONTROLLER OF THE CURRENCY.

He Makes Some Potent Remarks on the Money Market.

Mr. W. B. Ridgely, the controller of the currency, recently gave out what appears to be an inspired statement on the present financial outlook. Following are some of his utterances: "The announcement made Saturday by Secretary Cortelyou of his plan for relieving the strain on the money market by the deposit of government funds, is very wise and timely, and should go very far toward allaying apprehension and restoring business to its normal condition. It is well-known by every one at all conversant with the money market that the present stringency applies far more acutely to time loans than to call loans. Time money is very tight, while call money is comparatively easy. For this reason the pressure is bearing most heavily on commercial and manufacturing interests. "The secretary's plan of mak-

ing deposits when and where needed will enable him to apply his relief wherever it will do the most good to commercial and manufacturing business, with less reference to the speculative situation. I believe it is better to make this announcement now, and offer the relief in this way, than to wait until the stock market is in more or less of a panic, and rates for call loans are extremely high.

"One of the great disturbing factors in our annual crop moving stringency has always been the uncertainty as to when and how the Secretary would take action. It is sometimes charged that call rates have been manipulated up to fictitious heights, to effect this action.

"I am glad that Mr. Cortelyou has anticipated this, and by making this announcement now, removed as much of the uncertainty as is possible."

"While the present situation is one requiring care and cool headed, deliberate action, especially the bankers, there is no reason at all why the demand for liquidation should so spread as to produce anything like a panic or commercial crisis. The banking condition is unusually sound, more so on account of the readjustment of stock market values. There is a tremendous demand for money," as it is called, that is a demand for credits to finance all kinds of business. But it is no greater than it has been in the aggregate, and only requires some shifting in detail.

"The element in the situation due to the season of the year, is the fact that we have raised between five and six billion dollars worth of grain, cotton, cattle, hogs and other produce, in addition to the coal, iron, steel, copper and other wealth that is being produced. This is not a situation to get frightened about, or to make it necessary to call on every one suddenly to pay their debts, but it should rather encourage the banks to take care of their customers and make loans conservatively, wherever there is proper basis for credit. We should take courage from the fact that although this situation doubtless is as claimed, worldwide, and international, that we have in this country enormous elements for recuperation in this vast production of wealth. It never was so great as at the present time, or more available for our progress and development. Prosperity is proverbially hard to stand, but there is no sense in letting such evidences scare us to death."

It is not difficult to see the hand of the Secretary of the Treasury, is not that of the President himself, in these utterances. The difference between the stress of demand for time loans, and that for call money, may be read with interest in connection with the President's remarks at Plymouth on the causes of financial stringency. Not only is the Secretary trying to assist the country.

The Courier Journal Company sustained a great loss last Friday morning. Fire broke out just under the roof of the building and the upper stories were almost totally destroyed. The loss on the building which was erected in 1876 at a cost of a half million dollars is estimated at from \$150,000 to \$200,000. The company will reconstruct the building, and in the meantime the Courier-Journal will be published daily in its up-to-date

form. The morning of the fire the paper made its appearance, a little late, but full of news.

Hon. W. J. Bryan will make six speeches in Kentucky between now and the November election.

A tremendous crowd heard Judge S. W. Hager, Democratic candidate for Governor, Gov. J. C. W. Beckham at Lexington last Saturday.

W. S. Taylor, the fugitive, is willing to come to Kentucky for trial if he be permitted to select the trial Judge and jury. He wants but little but he will want that little long.

It now looks like Caleb Powers has made up his mind to squeal at his next trial. In a written statement sent out by him and published in the daily papers, he says he can tell who killed Goebel, and that the man was not Jim Howard; that Howard is innocent.

Disappointment in the East is felt over the stand taken by Secretary Taft on the tariff question, as it was expected that he would come out openly for revision, and it is felt that he has weakened his position considerably.

The financial situation shows a little improvement, due in part to the action of Secretary Cortelyou and partly to the effort to take up the forty-million dollar bond issue in New York. Liquidation saved a serious condition and prevented a strain on the monetary resources of the country.

A genuine gusher, which sent oil over the derrick, was struck last week in Wayne county in the shallow sand, and locations will be made for a number of wells. The strike is thought to have opened a new field. Another strike of importance was in

Clinton county, where a well was brought in which flowed 200 barrels a day.

Sunday's Courier Journal published Judge S. W. Hager's speech delivered at Lexington, last Saturday, in full. It was a ringing address to the voters of Kentucky, comparing Gov. Beckham's administrations to that of Bradley's. He showed that the affairs of the State had been economically conducted under Democrat rule and a great waste of money under Republican rule. Gov. Beckham was present and also made a telling speech. About three thousand people heard the addresses. Judge Hager's speech will be published in full in the News, if possible.

The real issue, the vital question for the voters of Kentucky to consider is one of moral import. The Democratic party has met the demand of the prohibitionist, and is doing the work that has been so badly needed. The Republican party seeks the aid of the Liquor element and will get it. All who believe in the fight and the position the Democratic party has taken in this matter, all who believe in the suppression of Liquor should vote for the Democratic nominee, all who believe in its sale and use should vote for the opposite.

The story comes from Indiana that while Durbin was the Governor of that State he was approached and offered \$93,000 of the reward fund if he would surrender Taylor to Kentucky authorities. The same writer says that ex-Governor Durbin was asked about the proposition, and he admitted that it was true. Of course there is not a word of truth in the statement. The idea of the Governor of a State being regarded as small enough to take a bribe. Durbin ought to kick the man who started that report.

FROM INDIANA.

French Lick, 8 24, 07.
Editor News:—

Having been at French Lick Springs, Indiana, the noted health resort, during the past week, and feeling somewhat improved in health, I thought a few lines from one of the citizens of your county would be appreciated.

I find here, four mineral springs, which are said to be among the finest in the world. I find also, one of the largest, finest and best equipped hotels in America, together with at least a dozen others, not so large, and all seem crowded with guests, who come from all parts of America, Kentucky being represented by a large delegation. Among the prominent Kentuckians here, I have had the pleasure of meeting Prof. Milford White, Dean of the Department of Education of the State College at Lexington, Ky., also Judge J. D. Black and family, of Barbourville, Ky., whom I find to be enjoying themselves here, very much, and always glad to meet a fellow Kentuckian. Prof. White informs me that he is very well acquainted with my close neighbor, Tobias Huffaker, whom he considers one of Kentucky's ablest teachers. I find Prof. White to be a man of very marked ability, and of high type of character, and deeply interested in the promotion of education in our beloved commonwealth. I also find within one mile of French Lick, the town of West Baden, Ind., where are located four other mineral springs with equal reputation to those at French Lick. The leading hotel at West Baden is said to have cost over one million dollars, and contains one of the largest rotundas in the world. I am going regularly to West Baden, where I take hot sulphur and mud baths, which I consider very beneficial to my health. I feel that I am growing stronger, while I know my purse is growing weaker. However, I consider it would be a great bargain if I could exchange what money I have for good health.

French Lick and West Baden are situated on a branch of the Monon Railroad, about 20 miles from Orleans, Ind.

I hope to be able to return to my home not later than September the 1st, and assume the duties of my former position.

Hoping you may find space in the columns of your valuable paper, for my letter, I beg to remain with best wishes to all my friends,
S. C. NEAT.

There's a reason for that ache in your back—right where it "stitches" every time you bend over, turn around or walk any distance. It's your kidneys. Take DeWitt's Kidney and Bladder Pills. Thelma, the little four year old daughter, of Mr. and Mrs. A. D. Dunbar, of Ono, Ky., died of scarlet fever, August 24th. She was a bright, sweet little girl, and was loved by all. Grieve not, for her spirit has gone to the God who gave it.

The way to get rid of a cold, whether it be a "bad cold" or just a little one, is to get it out of your system through the bowels. Nearly all Cough Cures, especially those that contain opiates, are constipating. Kennedy's Laxative Cough Syrup contains no opiates and acts gently on the bowels. Pleasant to take. Sold by Page & Dohoney.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. H. of Ravenwood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

A Woman may be surrounded by all the luxuries that money can buy, and have the fawning friendship of people whose smiles only live in prosperity; but if she feels herself unloved and alone in her heart, the crown jewel in her diadem of happiness is lost, things lose their value and life becomes monotonous. The honest, tender love of two brave hearts who have started out, and are struggling to get a home for their little ones, and money enough to feed clothe and educate them, makes life a thousand times more attractive and inspiring.

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skillful workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing that they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by T. E. Paul, druggist. 50c.

That Indiana man who is suing the fellow from whom he bought a rope to hang himself, because the rope broke and frustrated his piously ought to recover the \$10,000 for which he sues. Such unwarranted action on the part of the rope seller is palming off defective goods upon his customers is highly reprehensible, and should receive adequate punishment, if the statutes provide it.

Exchanging Real Estate seems

part of the country.

Crops are looking fine in this

best farmers, is buying up young
cattle for fall grazing. He re-
cently sold a bunch of cattle to
Jack Martin, realizing good
profits from same.

Robert Dohoney has sold and
is delivering a fine lot of locust
post to John A. Hobson, Greens-
burg, Ky., at 15 cents a post.

A protracted meeting begun
here last Monday, conducted by
Rev. G. Y. Wilson.

A. J. Mank and wife visited
relatives near Greensburg, Fri-
day and Saturday.

relatives in Garrard county last
week, and was investigating

found the soil priced very high
in the "Blue Grass" country.

fine new feed barn built on his
place, which will add much to
same.

Mr. Frank Dowell, son of D.
B. Dowell, who recently went to
Louisville, for Medical treatment,

mercial position.

There are a great many people who
have slight attacks of indigestion and
dyspepsia nearly all the time. Their
food may satisfy the appetite but it
fails to nourish the body simply be-
cause the stomach is not in fit condi-
tion to do the work it is supposed to do.
It can't digest the food you eat. The
stomach should be given help. You
ought take something that will do the
work your stomach can't do. Kodol
For Indigestion and Dyspepsia, a com-
bination of natural digestants and vege-
table acids, digests the food itself and
gives strength and health to the
stomach. Pleasant to take. Sold by

CLEMENTSVILLE.

The general health is distress-
ingly good.

was very seriously hurt while
trying to break a wild pony, is
able to be out again.

H. A. Wethington was in
Campbellsville the first of the
week on business.

Tobe Ward, who has been run-
ning a lumber mill on Canoe
Creek, recently moved into our
city to spend a few weeks.

Little Miss Catherine Wething-
ton, daughter of H. A. Wething-
ton, while trying to dip water
from a spring, fell in and would
have drowned if timely assist-
ance had not arrived.

The population of our city is
increasing very rapidly, and will
doubtless in another decade be up

WILL TAKE THE STUMP.

Editor News:—

I am going to commence the State campaign for the State ticket of the Democratic party the first part of September, 1907; and I am going to turn loose on the Republican party like a mighty thunder cloud, and drive all elements of oppression to destruction. Column after column may be hurled against my works, and column after column will be smitten with irretrievable ruin. It will be the greatest harvest of Republican defeat known in Kentucky for the last ten years. It will be like Stonewall Jackson at the battle of Bull Run. The horsemen and the footmen of the Republican party will be driven from the field, and hurled into disorganization, and into the suburbs of Washington for protection until the panic shake is over. I mean just what I say.
